

The background features a series of concentric circles in two shades of blue, creating a tunnel-like effect. The circles are centered horizontally and extend towards the top and bottom edges of the frame. The word "SANDFORD" is superimposed in the center, rendered in a stylized, orange, double-lined font.

SANDFORD

COOL IS COMING

It's not often that a new and modern living experience becomes available in an established suburb like Carrum Downs. That's why we're happy to announce the arrival of Sandford, a new townhome community that's located at the heart of Carrum Downs. It's the perfect mix of the familiar and the new. A place that's designed for today's new home owner looking to create a new life, in an established suburb that's going through its very own renaissance.

Sandford will consist of 162 modern townhomes all located in a secluded enclave that will form a tight-knit neighbourhood - a community within a community. A place closely connected to the things you need, and also a green sanctuary where you can catch your breath from the pace of a fast moving world.

GREEN LIVING

When you enter the Sandford neighbourhood you will notice that it's different to other places. Think of a secret garden that offers residents peace and quiet, and modern tranquility from the everyday. Sandford is based on a plan that skilfully connects residents to the environment and to one another. Connecting the community will be a green corridor winding its way through the Sandford neighbourhood.

Residents will have access to intimate green spaces where kids can play, leafy pathways to connect the neighbourhood, and a green common that will be the perfect place for friends and family to meet and pass the time. What a way to live.

PLACE FOR SPACE

Choose from a great range of townhomes to best suit your lifestyle. Each of our townhomes will be a modern statement of purposeful design, spacious living, and embody Modus Developments commitment to quality. You'll have peace-of-mind knowing that every detail has been considered to give the very best living experience possible. Like you, we believe that a home is more than four walls and roof over our head,

it includes the whole neighbourhood. Kids riding their bikes along the street, a quick chat with a neighbour and a general feeling of being part of a community. This is why so much thought has gone into the Sandford neighbourhood. That's cool.

SOMETHING FOR YOU

Modern living isn't about one size fits all. A vibrant and thriving community is built on a diverse neighbourhood where there's something for everyone. Sandford will offer a great range of townhomes that you can make your own. Four, three and two bedroom floorplans with a mixture of two and three storey configurations will be available.

Each townhome at Sandford will be fixed price and turnkey. Simply pay your deposit to get started, and then the balance upon completion. And being turnkey means that once your townhome is completed, you can just move in. Everything will be up-front and easy, the way it should be.

PERFECT PLACES

At Sandford we believe that when you buy a new home everything should come included. What we consider to be standard features in our homes, often come as an extra cost elsewhere. You'll love the stylish timber floors and sleek stone benchtops bathed in gentle light. High ceilings and generous bedrooms will give your home a wonderful sense of lightness and space. You'll also love the touches of luxury like the freestanding baths, the quality appliances and the choice of three internal colour schemes created by our interior design team.

CLOSE FOR COMFORT

The great thing about living in a new home in an established suburb is that everything you need is already in place. Sandford is such a place. Secondary and primary schools, kindergarten, early learning centres, community library, nature reserve and shopping are all a short walk away. If you want to go further afield hop into the car and within minutes you'll have the sand between your toes at Seaford Beach.

Need a city fix? You've got direct access via EastLink. Head the other way and get onto the Peninsula Link and head to the Mornington Peninsula to sample some of the best food and wine in the region. It's another reason why Sandford is special.
